CBS4Kids—Bible storying is a proven method of learning the story of God from Genesis through Revelation in a chronological sequence so that the story of God is understood from the very youngest child. Bible storying is based not only on teaching the stories but also by teaching children how to tell the stories to others. Children not only need to know the stories of the Bible, they need to know the Story of the Bible. While the Bible contains many stories, there is the larger story of God that is told from Genesis to Revelation and continues being told today as children, youth and adults discover Jesus as their own Savior.

PRE-REGISTRATION REQUIRED

ADMISSION IS FREE

Call the MFL office at (717) 509-0938 or email info@missionsfestlanaster.org

DON'T FORGET—During the entire Program, over 60 mission organization exhibits will be open to the children, youth and teachers/leaders.
